

Renuka Prasad

Full Stack Web Developer

/ PROFESSIONAL SUMMARY

Analytical and quickly adaptive aspiring full-stack developer with a specialization in MERN stack. Self-motivated and curious, with a keen interest in front-end. Looking forward to laying a concrete foundation for my career.

/ PROJECTS

Udemy Clone

An online learning platform enabling students to learn digitally.

Features

- User Authentication.
- Product carousel and Search Engine.
- Fully functional cart and checkout pages.

Tech Stack: HTML | CSS | Advanced JS (ES6) | Tailwind | NPM

Areas of Responsibility

- Integrated functionality to the Cart page.
- Fixed major and minor bugs in the project.
- Deployed headers and footers on all pages.
- Cloned the Home page with 3 responsive screen sizes
- Developed a functional and exportable product carousel.

A collaborative project built by a team of 6 over 6 days.

Rodan + Fields Clone

An e-com website focused on skin-care and beauty products.

Features

- Media responsive pages.
- Navigation bar with drop-down menus.
- Functional Cart along with automated price summary.

Tech Stack: HTML | CSS | JavaScript

Areas of Responsibility

- Implemented headers and footers on all pages.
- Made the project fully responsive to media queries.
- Developed Add to Cart and Remove from Cart features.

An individual project implemented in 6 days.
